Dear George:

It is with a great deal of regret that I ask you & the board to regard this letter as my resignation as secretary of the MRAC.

My job at WEMP entails remote broadcasts & studio work with very irregular hours, and to the station, Thursday is just another day - so that quite often I must work on club days till after 9:30 PM, making it practically impossible to be at meetings on time if at all. If my shift should change in the future I shall be glad to help out in any way possible - but in the meantime I think that for the welfare of the club, the board should decide on a new secretary for this term.

Please let the memberships know that I'm extremely sorry about this development, but of course one's job comes first.

Cordially

L. L. Schultz.
